Membership Application Process

In-Person

Anyone interested in becoming a member of the SportsPlex, must complete a Membership Application Form. All applicants must be listed on the form and any applicant eighteen and over, must sign the waiver portion of the application form. Completed application forms can be submitted at the front desk or to the Member Services Specialist.

Application forms will be processed on-site complete, with a membership ID card for everyone ages twelve and older. Applicants should come prepared with proof of residency, age/identity verification and college verification. Membership cannot be validated without these materials.

Proof of Age and College Verification

For age/identity verification, a driver's license is required for all applicants eighteen years and older. A birth certificate or driver's license is required for all minor children.

In order to receive the college student rate, applicants must present a current, full-time class schedule at the time of applying for membership. To continue receiving the college student rate, at the beginning of each semester, it is asked that the college student bring in their current, full-time class schedule. Failure to do so, will cause them to be transferred to the Adult Membership.

Membership Types and Rates

The membership types listed below have been developed in an effort to effectively meet the diverse needs of a growing community. All applicants must fall under the definition of the membership type for which they are applying. Qualification for age categories will be determined by the age of the individual at the time they are purchasing their membership. Falsifying information regarding membership type, is ground for permanent suspension from all SportsPlex facilities, programs, and activities. Once purchased, membership types or fees cannot be altered unless it is considered an upgrade. Any other change must be made upon renewal of the membership.

The Monthly Membership will have the monthly amount automatically drafted from your bank account on the 20th of every month.

Financial Assistance for SportsPlex Memberships

The Financial Assistance Program was created to provide financially disadvantaged individuals access to recreational facilities and programs at the SportsPlex. This program reduces rates, it does not eliminate them. Financial Assistance offers 25% off of any type of annual membership or ONLY a family or youth continuous membership, and 50% off most youth recreation programs. The Operation Threshold keycard needs to be shown in person to receive the discount. This discount will be effective until the date the keycard expires, in which a valid keycard will need to be presented in person. To inquire about your qualification for financial assistance, please visit Operation Threshold for more information.

Upgrades/Downgrades

Once purchased, membership types can only be altered if a new membership application is filled out, signed and dated by the primary account holder. Membership upgrades can be requested any time during the individual's membership and a pro-rated fee for the difference of the upgraded package will be charged. If continuous, the next processing date will reflect the new membership rate. If paid in full, the membership expiration date will not change, and remain the same.

Non-Transferable and Non-Refundable Membership Policy

After an application has been processed, memberships are non-transferable and non-refundable. Memberships cannot be transferred from one member to a new individual once purchased.
